

Forté — the leaders in refined timber surfaces.

New Zealand owned and operated, spanning three generations and over 35 years, Forté is a business founded on family, with its people at the core. Built on passion, knowledge and countless years' experience in the industry, we have an ingrained care for our products, our clients, our people and the environment.

Designed in New Zealand with innovation at the forefront, our exceptional collections of timber flooring, panelling and Millboard decking, which constantly evolve with global and national trends, enable us to provide exciting, unique timber solutions that New Zealanders can enjoy for years to come.

As the leading supplier of refined timber surfaces in New Zealand, we aim to help make it easy for our clients and partners to create sustainable, captivating and enduring spaces to live and work.

Our Promise

FAMILY VALUES

Forté was founded in family, when James Piesse set out to create a legacy that would serve his children and the generations beyond.

GENERATIONAL EXPERIENCE

Knowledge, heritage and experience is passed between generations to guide us and shape our future.

ENDURING QUALITY

We put quality into every aspect of our work; employing the best people, challenging the status quo, listening to our customers, and providing products that will stand the test of time.

We're committed to making positive environmental change.

OUR ENVIRONMENTAL COMMITMENT

At Forté, we care deeply about the environment and all it provides. In a world where climate change and deforestation are real threats, we realise the importance of making positive environmental progress. We're committed to reducing our impact on the environment with our products and processes.

Most of our timber collections have an engineered construction, which uses approximately one-third of slow-growing hardwood resources compared to solid timber. By supplying FSC® or PEFC® certified, sustainably sourced engineered timber products, we're helping to minimise the amount of slow-growing hardwood needed to be harvested to make these products.

We use FSC® certified and recyclable boxes to send our samples, print our catalogues on FSC® certified papers and actively reduce our in-house paper and plastic usage.

TOITŪ ENVIROCARE

Toitū Envirocare is a New Zealand Government-owned Crown Research Institute dedicated to ensuring New Zealand companies have the tools, actions and evidence needed to make measurable environmental progress and be recognised for it. In alignment with our CarbonReduce certification, we are committed to continuing to measure our carbon footprint and implement strategies to manage and reduce the impact of our emissions.

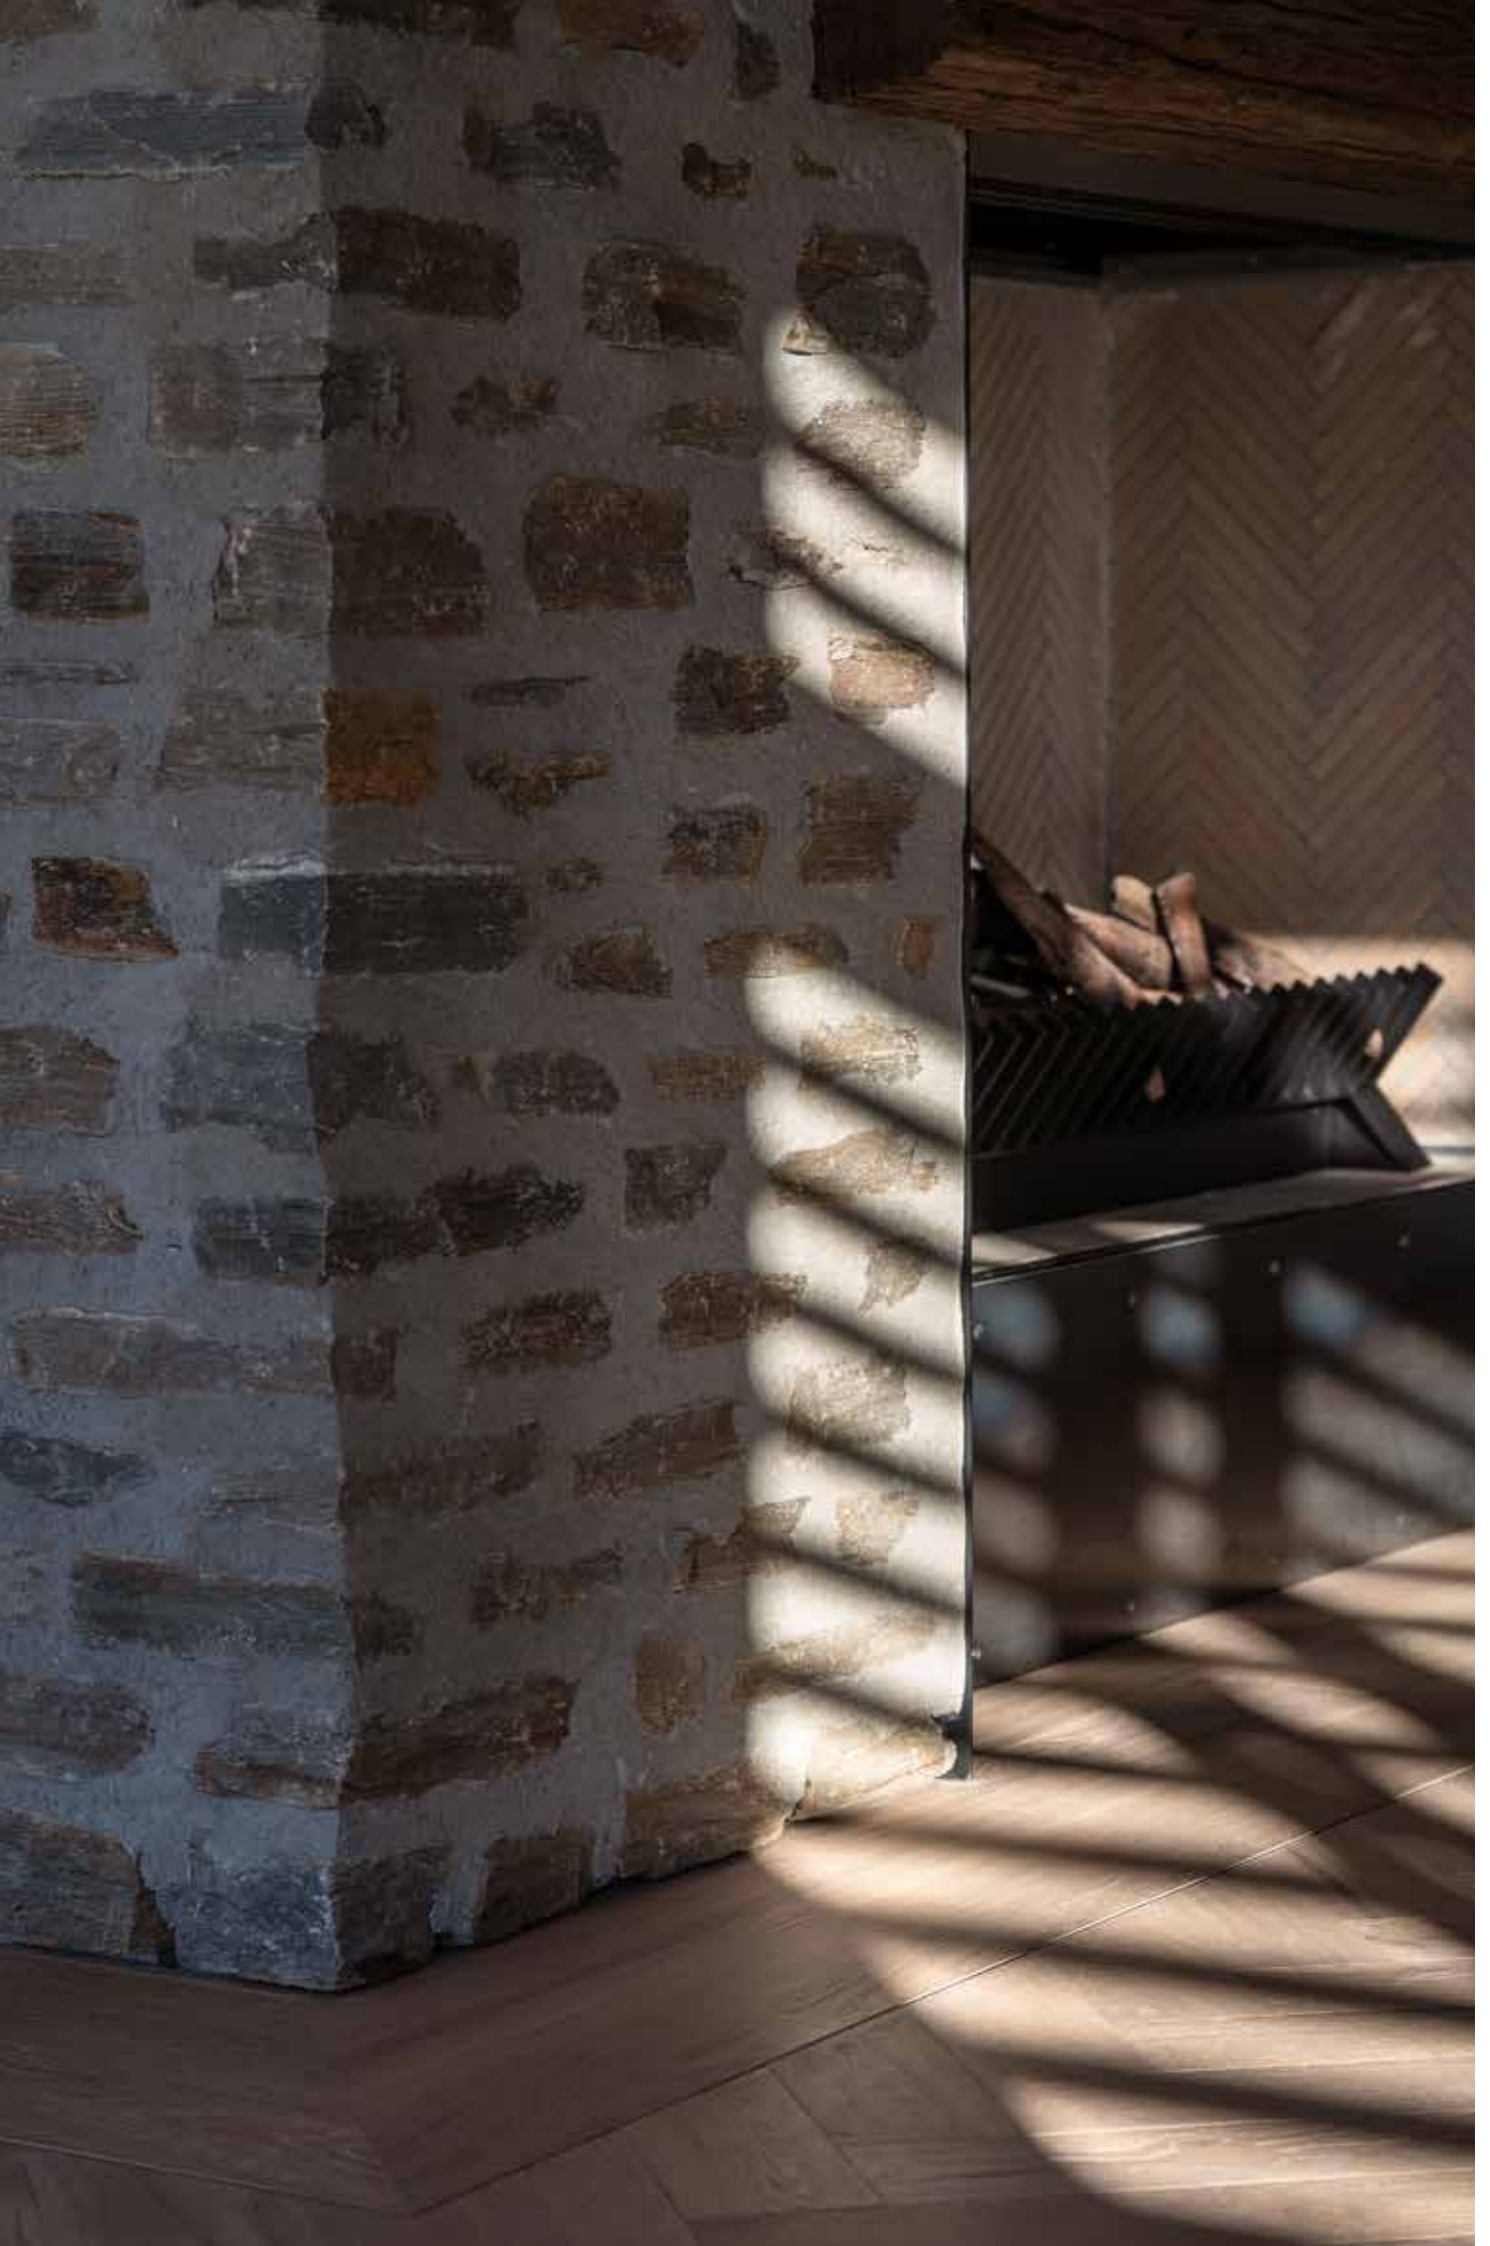

FSC®

FSC (Forest Stewardship Council®) is an international organisation established to promote environmentally appropriate, socially beneficial, and economically viable management of the world's forests. An FSC logo on timber or wood products represents that the product comes from environmentally appropriate and socially beneficial forestry.

PEFC®

The Programme for the Endorsement of Forest Certification (PEFC®) is an international, non-profit, non-governmental organisation promoting sustainable forest management through independent third-party certification. It is considered the certification system of choice for small forest owners.

Projects we do

With over 25 years' experience in the residential and commercial sector, Forté has established itself as a trusted partner for homeowners, architects, architectural designers and developers in New Zealand. We work on projects ranging from smaller residential to large commercial builds, including multi-dwelling residential, apartments and townhouse developments, office fitouts, retail, hospitality and aged care.

We take pride in our collaborations with prestigious professional specifiers in New Zealand, with our refined timber products featured in award-winning projects around the country.

/moda

Moda is a curated collection of pre-finished engineered timber flooring with a unique NatureMatte finish that looks and feels 'untouched' and 'raw'. Crafted from sustainable certified European Oak, Moda is eco-friendly both in the way it is produced and sourced.

'Moda', meaning fashion in Italian, is inspired by unforgettable Italian destinations evoking the feeling of a relaxing escape and offering a little of la dolce vita right here in Aotearoa. We have taken colour cues from the warm sunsets over the Amalfi Coast to the dark olive groves of Dolcedo.

The Moda collection colours are available in two different widths: Moda Altro comes in a beautiful 220mm wide plank, which can add an upscale and modern feel to a home and elevate an interior aesthetic. Moda Stretto comes in a narrow 138mm wide plank — perfect for those seeking sleek planks for smaller spaces or a traditional, classic linear look for interiors. Both Altro and Stretto offer Herringbone in selected colours with matching nosings.

Smartfloor Blond Oak

/ultra

Ultra is a quality timber flooring collection designed with stability, durability and longevity in mind. Ultra is available in seven colours and is pre-finished in Forté's exclusive PureMatte lacquer, which provides a hard-wearing matte finish that requires minimal maintenance.

The collection has a 21mm engineered construction, including a 6mm wear layer that can be sanded back 4-5 times over its lifetime. Due to its thickness, Ultra is best suited to flooring.

Ultra is available in a 190mm wide plank with matching nosings.

\$296 - \$345

Species	European Oak
Origin	Central Europe
Sustainability	Sustainably Sourced
Grade	Prime or Feature
Thickness	21mm
Wear Layer	6mm
Bevel	Bevel 4-Sides
Joint Profile	Tongue and Groove
Construction	2-Layer Engineered
Core	Eucalyptus Plywood
Backing	Eucalyptus Plywood
Surface Texture	Brushed
Finish	Pre-finished PureMatte Lacquer
Surface Sheen	Matte
Installation Method	Glue Down (Double Stick for Multi-Level)
Usage Classes	Residential / Commercial
Applications	Interior Flooring / Walls / Ceilings / Other

/indus

Inspired by the earthy colours and captivating contours of desert landscapes, Indus is our new premium timber flooring collection that embodies some of the world's most striking backdrops. The Indus Collection lets you create a whole new world within your interior.

Crafted from premium European oak with a plywood core and backing veneer, the Indus Collection has been developed to offer a look that is as distinctively refined.

Small bevels and a lightly brushed surface help to create a seamless, all-encompassing effect with less definition between planks, evocative of desert sands.

/artefact

Inspired by objects that have been treasured, preserved and enjoyed for generations, Artefact is our new premium timber flooring collection that sets the standard high for unique timber.

Artefact's high-end reactive stain is carefully applied to each plank, permeating the surface to create a dramatic and sophisticated plethora of natural colours. Each Artefact plank is vastly different from the other and creates an irreplicable look once laid.

Sourced and crafted in Poland, the Artefact collection's colour and grain variation are not to be missed.

Artefact is available in 220mm wide planks and Herringbone pattern with matching nosings.

RAVEN

Villa Raven's deep black rough-sawn planks add a dramatic flair to interior spaces.

Product	Grade	Code	Stock	RRP	Trade ex.GST	Unit
Plank	Rustic	VI-RRSP	Stocked	\$310.00	\$249.00	m ²
Herringbone	Rustic	VI-RRSH	Indent	\$310.00	\$249.00	m ²
Nosing	Rustic	SN-VIR	Stocked	\$250.00	\$201.00	length

A premium collection of pre-finished engineered timber flooring designed to have a rustic and time-worn feel, Artiste Grande will transform your spaces into works of art with a curated palette of four warm, contemporary colours inspired by history's legendary artists: Da Vinci, Picasso, Vermeer and Van Gogh.

Artiste Grande's surface is beautiful and character-filled, with an undulated surface and deep wood-grain texture meticulously crafted using specialised artisan techniques such as wire brushing, hand-scraping, and natural drying of knots.

Artiste Grande will flawlessly integrate into any classic or traditional interior with a look reminiscent of hand-cut timber from days gone by.

Artiste Grande is available in 250mm wide planks and Herringbone and Chevron patterns with matching nosings.

\$508 - \$550

Interior Panelling Collections

Timber is often used to add warmth and texture to interiors, not only on floors but increasingly on walls and ceilings. Discover how wood panelling can add colour, warmth and style to your commercial or residential project. Explore our exclusive range of wood panelling to find the perfect solution for your project.

*All RRP's are inclusive of GST. Trade prices are excluding GST.

Muuro is an elegant interior panelling collection that is straightforward, inexpensive and easy to install. With minimal wood knots and markings, Muuro's flawless surface provides a streamlined and sophisticated nature.

Muuro provides an excellent alternative to traditional timber panelling and sarking products. Its authentic timber veneer offers the same look at a much more affordable price, whilst its engineered construction ensures a structurally stable product that will not warp or bow like solid timber products.

Muuro is supplied in pre-finished 2700mm lengths with no shorts, unlike solid timber, meaning a seamless, join-free look can be achieved when laying vertically on walls up to 2700mm high.

\$202

SIENNA

SABEL

NOIR

BUFF

Contemporary yet classic, Muuro's Buff Oak takes its cue from the Spanish stucco walls; the refined nature of its clear grade planks elevate your space to another level. Let this illuminating European Oak panelling work its light magic into your interior, its soft brown-yellow tones bringing life to any space.

Product	Grade	Code	Stock	RRP	Trade ex.GST	Unit

/tactile

The Tactile Collection is a sophisticated wall and ceiling panelling range for those seeking an exclusive, luxury ambience within their space.

Tactile's heavily textured, saw-marked effect combined with a modern stain, results in a look reminiscent of luxury lodges and cabins – an aesthetic hard to replicate. Tactile planks are pre-finished in a stunning matte Natural Oil and require no additional coats, ready to show off immediately after installation.

Tactile is available in a 240mm wide plank.

/salvare

Salvare is a reclaimed collection of wall panelling recycled from old houses, barns and fences in one of Europe's wildest and most untouched areas in Transylvania.

When old wooden houses, barns and fences are torn down, hours are spent salvaging every usable piece of the spruce and oak to give it a second purpose, assuring Salvare offers a highly sustainable option for interiors.

Once recovered from the old structures, the beams and boards are meticulously reworked into wall panels, retaining tremendous amounts of history and character. The planks are gently brushed and treated, ensuring the original surface is not compromised and allowing the timber's captivating narrative to be captured and preserved within each plank.

Salvare is available in 150mm wide planks and mixed width and length 7mm lamella.

Charred Spruce has a light sugi ban (charred/blackened) surface with a brushed texture that accentuates the wood's natural grain pattern.

Product	Grade	Code	Stock	RRP	Trade ex.GST	Unit
Plank	Rustic	SA-CSP	Custom	\$400.00	\$321.00	m ²

Recycled from old barns in Europe and America, the Imondi range is hand-crafted from genuine reclaimed timber and repurposed into rustic and textured planks.

With a focus on hand-crafted and sustainable slab rescue, the finished products introduce an element of nature, depth and texture to interiors whilst infusing a spirit of history, innovation and creativity - a talking point in any interior.

This product has an engineered construction that minimises the waste of reclaimed timber by using it only on the face of the board, and a base made from cross-directional ply provides ultimate stability.

\$421 - \$448

Species	Reclaimed European Oak
Origin	Central Europe
Sustainability	FSC® Certified
Grade	Reclaimed Rustic
Thickness	15 / 21mm
Wear Layer	4 / 6mm
Bevel	None
Joint Profile	Tongue and Groove
Construction	2-Layer Engineered
Backing	Plywood
Surface Texture	Rough / Reclaimed
Finish	Pre-finished Natural Oil
Surface Sheen	Matte
Installation Method	Direct Stick or Secret Pin
Usage Classes	Residential / Commercial
Applications	Interior Walls / Flooring / Ceilings
Structural Warranty	25-Year Residential / 10-Year Commercial

Decking Collections

Millboard is a premium UK-made decking product which is changing the face of decking as we know it. Millboard has a high-tech core together with a rubberized surface which is moulded from real timber and finished by hand, resulting in an incredibly realistic look that captures the beauty of real timber.

*All RRP's are inclusive of GST. Trade prices are excluding GST.

Enhanced Grain Collection

Millboard is a premium UK-made decking product which is changing the face of decking as we know it. Millboard decking is made from a revolutionary Polyurethane resin, reinforced with mineral fibres, which retains the beautiful look and feel of wood, but without the maintenance needed to keep it that way. Each decking board is moulded from carefully selected oak samples that showcase the beauty of natural wood grain, then hand-tinted by craftsmen for a perfect real-wood look. The result is decking that is virtually indistinguishable from wood in appearance, but far superior in performance. It doesn't rot or warp, and its UV stability resists fading. With no wood content, there's nothing to encourage algal growth either.

To add to its easy-to-live-with qualities, each board has a Lastane® surface layer which is both non-porous – so spills don't leave stains – and highly slip-resistant, even in the wet. There's no need to spend time applying expensive, often environmentally-unfriendly treatments to keep it looking beautiful, either. Just an occasional wipe over with standard household floor cleaners is all that's needed.

The Millboard Enhanced Grain collection features five modern colours in a moulded prime grade timber that can be paired with Forté's extensive timber range to create a seamless indoor/outdoor flow.

\$353 - \$377

Species	Oak Look
Origin	United Kingdom
Sustainability	Environmentally Friendly
Thickness	32mm
Construction	Composite
Core	Resin Mineral Composition
Surface Texture	Brushed
Finish	Lastane®

LIMED OAK

GOLDEN OAK

SMOKED OAK

BRUSHED BASALT

ANTIQUE OAK

LIMED OAK

Limed Oak lengths give you the look of beautiful sun-bleached timber. This pale, washed look is the perfect complement to outdoor spaces in sunnier climates, or for those wanting to achieve a calm contemporary look.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	IM-BSP	Stocked	\$353.00	\$291.00	length
Plank SB	MSB-L	Stocked	\$235.00	\$181.00	length
Bullnose	MB-L	Stocked	\$224.00	\$185.00	length
Fascia	MF-L	Stocked	\$162.00	\$141.00	length

GOLDEN OAK

Golden Oak lengths give you the appealing look of newly-sawn natural oak timber, which unlike real timber will retain their fresh appearance over time. This golden hue is an enduring, versatile colour that will complement almost any application.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	ME-G	Stocked	\$353.00	\$291.00	length
Plank SB	MSB-G	Stocked	\$235.00	\$181.00	length
Bullnose	MB-G	Stocked	\$224.00	\$185.00	length
Fascia	MF-G	Stocked	\$162.00	\$141.00	length

SMOKED OAK

Smoked Oak lengths are a nod to time-seasoned hardwoods, yours to enjoy without the wait. This cool, elegant grey colour works beautifully for contemporary and coastal settings.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	ME-S	Stocked	\$353.00	\$291.00	length
Plank SB	MSB-S	Stocked	\$235.00	\$181.00	length
Bullnose	MB-S	Stocked	\$224.00	\$185.00	length
Fascia	MF-S	Stocked	\$162.00	\$141.00	length

BRUSHED BASALT

Brushed Basalt is the most authentic painted-wood-look decking board available. This distinctive option within the Millboard collection is perfect for seamless transitions between indoor and outdoor spaces.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	ME-BB	Custom	\$353.00	\$291.00	length
Plank SB	MSB-BB	Custom	\$235.00	\$181.00	length
Bullnose	MB-BB	Custom	\$224.00	\$185.00	length
Fascia	MF-BB	Custom	\$162.00	\$141.00	length

ANTIQUE OAK

Antique Oak lengths have the appearance of an attractively aged tropical hardwood deck such as Ipe or Teak. This rich warm colour is both timeless and versatile, sure to complement many applications.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	ME-A	Stocked	\$377.00	\$311.00	length
Plank SB	MSB-A	Stocked	\$235.00	\$194.00	length
Bullnose	MB-A	Custom	\$239.00	\$197.00	length
Fascia	MF-A	Custom	\$171.00	\$151.00	length

Weathered Oak Collection

Millboard is a premium UK-made decking product which is changing the face of decking as we know it. Millboard decking is made from a revolutionary Polyurethane resin, reinforced with mineral fibres, which retains the beautiful look and feel of wood, but without the maintenance needed to keep it that way. Each decking board is moulded from carefully selected oak samples that showcase the beauty of natural wood grain, then hand-tinted by craftsmen for a perfect real-wood look. The result is decking that is virtually indistinguishable from wood in appearance, but far superior in performance. It doesn't rot or warp, and its UV stability resists fading. With no wood content, there's nothing to encourage algal growth either.

To add to its easy-to-live-with qualities, each board has a Lastane® surface layer which is both non-porous – so spills don't leave stains – and highly slip-resistant, even in the wet. There's no need to spend time applying expensive, often environmentally-unfriendly treatments to keep it looking beautiful, either. Just an occasional wipe over with standard household floor cleaners is all that's needed.

The Millboard Weathered Oak collection features three rustic and aged looking colours in a moulded reclaimed timber that can be paired with Forté's extensive timber range to create a seamless indoor/outdoor flow.

DRIFTWOOD OAK

VINTAGE OAK

EMBERED OAK

DRIFTWOOD OAK

Driftwood Oak lengths give you the appearance of old sea-washed timber, without the wait. The subtle hue and characterful texture of this product create an easy, relaxed style, ideal for laidback coastal living.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	MW-D	Stocked	\$377.00	\$311.00	length
Bullnose	MB-S	Stocked	\$224.00	\$185.00	length
Fascia	MF-S	Stocked	\$171.00	\$141.00	length

VINTAGE OAK

Vintage Oak lengths give you the appearance of old weather-beaten sleepers, without the wait. The darker tones of this rustic style work as well in country retreats and coastal getaways as they do in chic city courtyards.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	MW-V	Stocked	\$377.00	\$311.00	length
Bullnose	MB-V	Stocked	\$224.00	\$185.00	length
Fascia	MF-V	Stocked	\$171.00	\$141.00	length

EMBERED OAK

Embered Oak lengths are reminiscent of timber preserved using the Japanese Yakisugi technique, which involves burning the surface of the timber in order to weatherproof it. The dramatic hue and characterful texture of this product are the perfect mix of modern-day style and tradition.

Product	Code	Stock	RRP	Trade ex.GST	Unit
Plank	MW-E	Indent	\$397.00	\$328.00	length
Bullnose	MB-BC	Stocked	\$239.00	\$197.00	length
Fascia	MF-BC	Stocked	\$203.00	\$167.00	length

MILLBOARD TOUCH-UP COATING

Millboard touch-up coating is perfect for colouring cut ends, disguising mitered edges and more.

Code	Stock	Dimensions	RRP	Trade ex.GST
MT-BC	Stocked	500ml	\$59.00	\$48.00

DUOLIFT® ACOUSTIC SEPARATION PAD

Agglomerated cork and recycled rubber pads offer a layer of protection between joist supports and membranes, as well as providing an acoustic benefit.

Code	Stock	Dimensions	RRP	Trade ex.GST
DL-AP	Stocked	250 x 250 x 3mm	\$5.00	\$4.00

DUOLIFT® JOIST FOOT

The DuoLift® Foot provides a very stable footing for more elevated subframes, raising the height by 45mm and spreading the load further across the substrate, due to the 220mm base supporting a maximum combined height of 350mm.

Code	Stock	Dimensions	RRP	Trade ex.GST
DL-F	Stocked	220mm base x 45mm H	\$15.00	\$12.00

DUOLIFT® JOIST CRADLE

Providing an exceptional height range of 45mm, from 15-60mm, the DuoLift® Joist Cradle enables precision height adjustment with 5mm markings on the side and each quarter turn of the adjustment ring representing a 1mm rise or fall. The Joist Cradle allows the installer to adjust the height whilst the joist is in place, locking tabs provide a secure finish once correct height has been determined.

Code	Stock	Dimensions	RRP	Trade ex.GST
DL-JC	Stocked	Adjustable height 15-60mm	\$11.00	\$9.00

DUOLIFT® RISER

The Riser component of the DuoLift® system increases the height in increments of 45mm. It is capable of sitting directly onto a solid substrate under the Joist Cradle and Self-Levelling Joint or forming part of a higher stack with a foot beneath.

Code	Stock	Dimensions	RRP	Trade ex.GST
DL-R	Indent	45mm height	\$8.00	\$6.00

DUOLIFT® SELF-LEVELLING JOINT

Adding 20mm to the height of the supports, the DuoLift® Self-levelling Joint provides easy and effective levelling of a subframe up to 5°, ready for decking installation. Suitable for standing directly onto a solid substrate, or for providing a joint for a higher support.

Code	Stock	Dimensions	RRP	Trade ex.GST
DL-SL	Stocked	20mm height	\$8.00	\$7.00

DURAFIX® SCREWS

Millboard's unique, hidden decking fixings make installing Millboard simple. Durafix® screws are designed for use with all Millboard planks, fascia and edging. The screws are designed to be drilled deep into the Millboard surface - allowing Millboard's Lastane® surface material to flex back over the screws, leaving a virtually indistinguishable mark and no fixings visible. 45mm screws are for specific use only.

Code	Stock	Dimensions	RRP	Trade ex.GST
MA-D45	Stocked	4.2mm x 45mm (250 pack)	\$122.00	\$100.00
MA-D60	Stocked	4.2mm x 60mm (250 pack)	\$129.00	\$106.00

DUOLIFT JOIST CRADLE

A quick and easy fixing solution for a completely clean finish. Millboard's innovative tool provides a quick and easy solution to fix the boards from the side, resulting in a clean, hidden fixing finish, keeping the face of the board completely clear of screw holes. This quality gives a clean look, even when used with lighter coloured boards.

Code	Stock	Dimensions	RRP	Trade ex.GST
MA-DG	Stocked	1 pack	\$152.00	\$125.00

MULTI SPACER

The Millboard spacer is a multi-sided tool with each side set to a different width, designed to ensure accurate spacing between Millboard lengths in the quickest way possible.

Code	Stock	Dimensions	RRP	Trade ex.GST
MA-MS	Stocked	3/4/5/6mm spacing (10 pack)	\$54.00	\$44.00
